

DAILY SENTINEL.

MONDAY MORNING, NOV. 3, 1856.

JOB WORK.

Merchants and business men will bear in mind that we have one of the largest and most complete Job Printing Offices in the State, and that we do work in a style and at prices defying competition.

Send us the News.

We will be greatly obliged if our friends will send us, by telegraph and letter, all the election news they may come in possession of. The full vote of Indiana we are especially anxious to get at the earliest possible moment.

IMPORTANT TO THOSE WHO SEND ELECTION RETURNS.—Let those who forward election returns, send the whole number of votes cast for the Electors of each Presidential candidate. Majorities alone are not sufficient. In cases where it is impossible to send prompt and complete returns by States or counties send us nearly full returns as possible, and a careful estimate of the balance.

Editors throughout the country will greatly facilitate the collection of the returns of the important election next week by publishing the above notice every day until Tuesday next.

A CHEAP NEWSPAPER.—The Daily Sentinel costs but twelve and a half cents a week, payable to the carriers, and is served in all parts of the city. Every Democrat should subscribe for it. Every business man should take it. And it should be read in every family.

HOOCH POR OHIO!

Good for Old Buck to-morrow, provided Democrats do their duty.

The Fillmore vote totals up, 23,517, which will be increased to about 24,000. This leaves the fusionists a minority over 5,000 in the State.

Q.—Where is that "100,000" fusion majority?

Post Office, INDIANAPOLIS, I.

Nov. 1, 1856.

The time of Delivery Clerks, in this office, is often consumed in answering questions concerning the arrival and departure of mails, the progress of distribution, what mails have been distributed, &c., and in search for letters dropped into the letter-box, or otherwise posted unadvisedly. Thus time is wasted in the service of an individual which belongs to the public. The clerks have been this day prohibited from responding to such questions or demands. In return I promise an improvement in delivery.

W. W. WICK, P. M.

Fountain County—Contested Election.

Yesterday we briefly alluded to the fact that Major George C. Scott, of this city, was engaged in a legal proceeding to ascertain the charge of illegal voting in Fountain Co. The case is that of a contest now pending before the County Commissioners of Fountain county in relation to the office of County Treasurer, Conrad Lighty, Democrat, being contested, and Daniel S. French, Republican, contestee.

Q.—At a meeting of Black Republicans held in Newark, New Jersey, at which Andrew Burlingame was the principal speaker, the following motto was conspicuous: "The union of sixteen free States will remain perfect until the seventeenth (Kansas) is added."

Q.—The Boston Journal has got short of Kansas ammunition, and in its issue of October 25th had to publish a dolorful story written under date of the 10th of September. Fresh news, only a month and fifteen days old!

EFFECT OF POLITICAL PREACHING.—Rev. Mr. Hatfield preached two Sundays ago, in a church in New York city. People hung about the building afterwards, and, instead of talking on religion, talked on the election, Buchanan, Fremont, Fillmore, &c. A natural result.

Q.—Fletcher Webster says: "There are but two ideas in the Republican party, the broken head of Charles Sumner and bleeding Kansas. With regard to that damaged gentleman, I will not justify the assault, but if I had made that speech, I should have taken care to put an iron pot on my head."

THE RECENT DRIVING MOVEMENT IN VIRGINIA.—The grand jury, at Richmond, lately presented Robert G. Scott, John M. Botts, R. A. Pryor of the Richmond Enquirer, B. R. Botts, A. D. Banks of the Petersburgh Democrat, and others, for a violation of the driving law.

Q.—An Automation Clarionet Player, made on the island of Java, is on exhibition at New York, and is said to be a very ingenious piece of mechanism. It resembles a living figure and in all its motions imitates life with a precision perfectly astounding. The machinery is exhibited to the spectators while it is in operation, and the music is produced through the clarinet held by the figure.

HON. JOSEPH R. CHANDLER.—The Washington Union states that a letter has been received in that city "from the Hon. Joseph R. Chandler; whom it will be remembered, was defeated by the Know Nothing frauds in the Congressional election of 1854—expressing much pleasure at the result of the late Democratic victory in Pennsylvania, and the belief that Mr. Buchanan will triumph over all that can be brought to bear against him."

ILLINOIS GIVEN UP.—The editor of the Chicago Tribune, a Black Republican, has been stamping the southern part of Illinois, and he returned a few days ago, and gave an account of his mission in his paper. He has become a "sadder and wiser man." He is, in fact, in utter despair, and cannot help uttering his lamentations aloud. He says there are some counties in southern Illinois where he could not find a single Fremont man—Poor fellow!

Horace, ISINDIANAPOLIS.—Under its present management this house is one of the very best in the West. Its conductors are former residents of Cincinnati, and well and favorably known to our travelling and business community. John Woolley, Esq., one of the proprietors, was formerly one of our most enterprising and popular citizens, while the managers, Messrs. L. D. Ingalls and Perry E. Tuttle, were for many years engaged in business in Cincinnati; the former in banking and the latter in hotel business. Mr. Van Fleet, recently of the Phillipps, Hause, Dayton, and others, are known as one of the most efficient, upright and gentlemanly hotel keepers, always on hand to minister to the comfort of the guests, and is emphatically "the right man in the right place." The Bates has recently been refitted throughout, and is worthy, in every respect, of its large and increasing patronage.—*Citizen.*

We can endorse every word of the above commendatory notice of the Bates House and its present managers. The Bates is in all respects a first class house, and every effort is made by those who have it in charge to give entire satisfaction to its guests. In system, cleanliness, good living, attention, and all its appointments, the Bates is unsurpassed by any Hotel in the West, and deserves, as it is receiving, a large share of public patronage. We hope the present proprietors will receive a handsome remuneration for the outlay and effort which they have made to gain their establishment the reputation which it has in the public estimation. The Bates House would do credit to any city of the Union.

Q.—Without distinction of character, no man or woman is ever worth a button, nor ever can be. Without it a man becomes at once a good natural nobody, the poverty-stricken possessor of but one solitary principle—that of obliging everybody under the sun, merely for the asking.

Challenging Committees.

The Democrats have made the following appointments of challengers to attend the several polls in this city to-morrow:

As Associate Presidents,
C. G. CAMPBELL,
A. H. BROWN,
R. A. TAYLOR,
C. G. WEBBE.

At D. V. CULLEN's Poll—
S. DELZELL,
GEO. MCQUAID,
JNO. M. TALBOUR,
CHAS. YOUNGERMAN.

At JOHN HOPKINS' POLL—
HENRY VANDEGRIFT,
L. W. HUNTER,
BENJ. PILBEAN,
HENRY NELSON.

The Republicans are invited to appoint a similar committee.

It is hoped that such an arrangement may be made as to preclude all possibility of fraud in voting.

Ohio Official.

We now have the official returns from all the counties but two, Medina and Pike. They foot up as follows:

Scott, fusion, Judge..... 172,966

Ranney, dem.,..... 153,936

Fusion majority..... 19,030
The counties to hear from will add from 400 to 600 to this majority, leaving the fusion majority several hundred less than twenty thousand in the State.

EDWARD H. INCE, of the Indians

State Sentinel, left the city yesterday for Pittsburgh. Mr. Ince's purpose is visit to the principal merchants and manufacturers of that city, with a view of arranging an extensive and mutually remunerative plan of advertising throughout the West, through the medium of this paper.
